

Dear Parents/Carers,

The Magic of Music

We are on a mission to bring the Magic of Music into as many Sussex homes as possible. This week at school your child experienced the excitement of seeing and hearing a demonstration of the **keyboard** and **flute** which are available to learn at Hamsey Community Primary School.

Learning to play a musical instrument provides children with an experience that enriches their lives in so many ways. Through learning an instrument children will learn musical skills that help develop a lifelong love of music. Research has also shown that there are many other benefits associated with learning to play a musical instrument including:

- raising confidence and self-esteem
- improving teamwork, concentration and many other skills for learning
- connecting with new people and broadening horizons
- improving their well-being by becoming happier and healthier

Lessons take place either individually or in small groups during the school day. I am pleased to confirm I am planning to start new pupils in the coming weeks. If you would like to register your child for lessons please apply directly via our website www.createmusic.org.uk

Please contact to Create Music directly if you would like to find out further information about what's involved in learning an instrument, the curriculum followed, the costs, hiring an instrument and how you may be able to receive financial support towards lesson fees.

I very much hope that your child will be interested in learning to play an instrument and experience the Magic of Music.

Kind regards,

Joseph Marshall

Instrumental Teacher
