

Alice - Costume Ideas!

Hi Owls! Here are few ideas to help you create your costumes.

Style – The style of the production is **rustic and recycled / upcycled**.

Please re-use or raid charity shops wherever possible, instead of purchasing brand new.

Animal characters to wear human clothes but with a hint of their creature – for example: ears, tail, nose, headdress, etc.

The pictures in this PowerPoint are **just for inspiration!** Take your costume in a direction that feels most comfortable to you.

Think about moving and dancing in your costume.

Consider temperature – it might be quite warm in the hall when we perform in July.

Think about what you are going to wear on your feet.
